

PUBLIC WORKSHOP #1

MEDIA RELEASE

FOR IMMEDIATE RELEASE: June 17, 2014

YOUR INPUT MATTERS

You are invited to a public workshop regarding land use planning around Dobbins Air Reserve Base.

Cobb County, in cooperation with the cities of Marietta and Smyrna, and agencies and organizations in the region, is preparing a Joint Land Use Study (JLUS) to address compatibility planning around Dobbins Air Reserve (ARB). The JLUS will explore impacts of community development on Dobbins ARB and vice versa, and will make recommendations to promote land use compatibility and collaboration. The goal of the JLUS is to reduce current and potential compatibility issues between Dobbins ARB and surrounding areas while accommodating new growth and economic development, protecting public health and safety, and sustaining the operational missions of Dobbins ARB.

The JLUS will assess 25 compatibility factors, identify existing or potential issues, and develop strategies to address the issues. The compatibility factors include, but are not limited to:

- Interagency Coordination
- Land Use
- Noise / Vibration
- Safety Zones
- Light and Glare
- Vertical Obstructions
- Roadway Capacity
- Air Quality

In order to develop a plan that is responsive to local needs, input from the community is **essential**.

The public is encouraged to join us at this workshop, learn more about this planning study, and provide input on the issues to be addressed.

Date: **July 9**

Time: **7:00 PM – 8:30 PM**

Location: **Smyrna Community Center
200 Village Green Circle SE
Smyrna, GA 30080**
